

WELDING EQUIPMENT GEOMEMBRANE

Product Parameters:

Voltage:220V

Power:850W/1100W

Frequency:50Hz

Welding Area:width:100mm

Dimensions:380(L) X 280mm(W) X 320mm(H)

Weight:5kg

Usage:handheld welding machine

Welding speed:0.5-5m/min

Adjustable Heating temperature:0-450 degree adjustable

Material thickness welded:0.3-3.0mm

Overlap width:12mm

Seam width:15mm*2,

Interior cavity 15mm Seam strength: \geq 85% material

Warranty:One Year

Shipping:International courier

Color:Green or Red.

HS code:

8515809090
